## Factor Focused Beta Strategies

**Comprehensive** — A suite of complementary factor-based and rules-driven beta portfolios; low correlation

**Factor-focused** — Designed to isolate and capture specific risk premia while avoiding the concentration risks of capitalization-based indexing

**Versatile** — Designed to work in stand-alone allocations or bundled as part of an investor's customized solution

**Cost Effective** — Lower fee and execution costs than traditional active management approaches

## Disclosures

**Past performance** is no guarantee of future results. Cadence Capital Management LLC, is an investment advisor registered with the Securities and Exchange Commission under the Investment Advisors Act of 1940. Registration of an investment advisor is not meant to denote any form of recommendation or endorsement by the SEC or state securities regulators, and does not imply a certain level of skill or training. Cadence manages domestic equities for institutional investors using a conservative growth investment philosophy. Cadence manages domestic and international equities for institutional investors using rules-based strategies with periodic rebalancing. Cadence also acts as sub-advisor for several mutual funds. In November 2010, Cadence acquired a long/short domestic equity hedge fund and a long-only SMIDCap fund. Since March 31, 2014 these assets have been included in the definition of the firm for the purposes of GIPS presentations and verifications. Effective April 1, 2016, the SMIDCap fund has been closed, and Cadence consolidated the assets of the two private funds. Effective September 1, 2017, the hedge fund has been closed. The Cadence Composites are constructed of similarly managed, unconstrained, discretionary accounts in accordance with industry calculation standards. New accounts are included in their first full calendar month of operation. Performance is based on time-weighted, total returns including resigned accounts. Performance results reflect the reinvestment of dividends and other earnings. Valuations and returns are computed and stated in US dollars on a trade date basis. To obtain the calculation methodology and a list of each holding's contribution to the overall account's performance during the measurement period, contact Petra Stenta at (617) 624-3500.

### Composite Characteristics:

The Emerging Markets Dividend Yield Composite was created in September 2017 and has an inception date of September 30, 2017. A complete list and description of all firm composites is available upon request. Accounts in the Emerging Markets Dividend Yield Composite have an initial universe comprised of stocks within the MSCI Emerging Markets index.

This composite is constructed of similarly managed, unconstrained, discretionary accounts in accordance with industry standards, and is a rules-based portfolio that is rebalanced periodically and typically holds between 250-400 securities. Stocks in the Emerging Markets Dividend Yield portfolio must have a higher than market dividend yield and must pass liquidity and bankruptcy screens. Stocks in the Emerging Markets Dividend Yield portfolio must pass liquidity screens. New accounts that fit the composite definition are added at the beginning of the first full calendar month for which the account is under management. Closed account data is included in the composite as mandated by the standards in order to eliminate a survivorship bias. Emerging Markets Dividend Yield restricted accounts (e.g., "sin-free" accounts) are not included in this composite. The primary composite benchmark is the MSCI Emerging Markets Value – Net Return index.

### Benchmark Definition:

The MSCI Emerging Markets Value – Net Return index captures large and mid cap securities exhibiting overall value style characteristics across 24 Emerging Markets (EM) countries. The value investment style characteristics for index construction are defined using three variables: book value to price, 12-month forward earnings to price and dividend yield. "Net Return" is defined as not including withholding taxes and international fees.

The volatility of the index may be materially different from that of the composite. You cannot invest directly in an index. Index results assume the re-investment of all dividends and capital gains. In addition, client's holdings will differ significantly from the securities that comprise the index. The benchmark returns are not covered by the report of independent verifiers.

Total Firm Assets does not include assets in any account where Cadence does not execute trades on behalf of the account. These assets are sometimes referred to as "Advisory-Only Assets." As of December 31, 2017, Cadence had \$80,570,859 of Advisory-Only Assets. This information is supplemental to the fully-compliant presentation.

**Cadence Capital Management LLC** claims compliance with the Global Investment Performance Standards (GIPS®). To receive a complete list and description of Cadence's composites and/or a presentation that adheres to the GIPS standards, contact Ms. Petra Stenta at (617) 624-3500.
